Biography

My father Baluka is a well known artist and he has taught me my sacred clan designs. I also follow my grandfather, Narratjin, who was one of the first artists to be recognised by the Australian people. He was also there for the opening of the museum in Canberra.

I live in my clan lands at Djarrakpi and my wifes land at Balma. I know all about Yolŋu ceremony and will become a leader of the Mangalili.
